

2015 GRADUATE STUDENT RESEARCH SYMPOSIUM

The Department of Nutrition and Food Science is pleased to announce the winners of the 2015 Nutrition Research Symposium. Congratulations to the winners and thank you to everyone who participated.

Winners of the oral competition:

1. **Lilana Nolasco, PI: Dr. Rosemary Walzem:** *Differences in fecal microbiota acquired by broiler and layer strains of chickens exposed to the same environment*
2. **Yagmur Yegin, PI: Dr. Alejandro Castillo:** *Development and characterization of geraniol-loaded polymeric nanoparticles with antimicrobial activity against food borne bacterial pathogens*
3. **Ting Qi, PI: Dr. Chaodong Wu:** *Involvement of PFKFB3 in beneficial effects of Metformin in adipocytes*

Winners of the poster competition:

1. **Kristen Hicks, PI: Dr. Nancy Turner:** *A polyphenol rich sumac sorghum cereal alters lipoprotein subfractions resulting in a more cardioprotective lipoprotein profile*
2. **Tara Price, PI: Dr. Rosemary Walzem:** *Dietary dairy proteins improve lipoprotein profiles in C57Bl/6 mice*
3. **Paula de Aguiar Cipriano, PI: Dr. Stephen Talcott:** *Simulated digestion of fruit anthocyanins and the role of acylation patterns in colon cancer cell viability*

Nutrition Graduate Seminar Series

“Extracellular Matrix and HDL Metabolism: Is It Time to Redefine Reverse Cholesterol Transport?”

Dr. Mary G. Sorci-Thomas
Professor
Department of Pathology/Lipid Sciences
Wake Forest University
Host: Nutritional Graduate Student
Association

March 9, 2015
Kleberg Center, Room 123
11:30-12:20 p.m.

Graduate students are invited for an informal lunch with the speaker in Kleberg 126 from 12:30 to 1:30 p.m.

The seminar can be viewed live at <http://www.youtube.com/watch?v=V3BGkMS5fzE>.
